*Concerned Residents of Winnipeg, Inc.  
concerned about pesticides  
e-news october 2004*

### **CROW members get organized!**

We invite you to get involved in developing proactive mosquito control alternatives. Please contact the volunteer organizers (below) to participate in the following 'working nests':

#### **Dragonfly Pond**

- can you offer land?
- do you have expertise?
- are you willing to provide labour?

#### **Building Crew**

- help build bat or purple martin houses
- construction site and materials have been donated by Lumberlovers (thank you!!)

#### **Public Education**

- interested in letter writing?
- playwriting?
- how about public speaking?
- street theatre is being developed
- some folks would like to create a 'zine'

#### **Fundraising**

- can you write grant proposals?
- would you like to sell flags?
- can you collect (sustainable) prizes for Mosquito Café?

#### **Research & Action**

- would you like to try out garlic or cinnamon spray?
- interested in collecting statistics?
- would you like to pursue false safety claims?
- can you solicit endorsements or collect signatures for the Open Letter?
- can you help improve drainage?
